3. ESCO OFFER

How we maximize efficiency

Turnkey solutions

We take care of every step on the path to energy efficiency

- ✓ Improved energy efficiency and guaranteed energy savings
- ✓ Trusted experts who create tailored solutions
- ✓ Complete solutions that allow customers to focus on their business
- ✓ Investment that does not reflect in the balance sheet
- ✓ Solutions that reduce the environmental impact

4. TRAINING OFFERS

- ❑ **Energias Renováveis:** FV; Solar Térmico; Eólico; Bioenergia; Armazenamento; Estabilidade de rede e altas penetrações das ER; Planeamento da rede elétrica; Análise técnica e financeira de projetos; Mobilização de financiamento.
- ❑ **Eficiência Energética:** AE; Gestão de Energia; MRV; Certificação Energética de Edifícios.

As part of our portfolio, we offer Technical and Vocational Education and Training – TVET - through the following programs all of which can be tailored to suit the learning group or individual's needs.

CONTINUOUS TRAINING

Our training offers are focused on the needs of the labour market and the very dynamics and evolution of technologies, services and processes.

TAYLOR MADE TRAINING

Companies often have specific needs to develop their activities or conquer new markets. We are listening to them to develop tailor-made training.

SKILLS MANAGEMENT

We work in close relationship with companies to help them improving their competitiveness by investing in human resources, according to their vision and strategic objectives.

TRAINING SYSTEM DESIGN

We work in close relationship with companies to help them improving their training system, automate tasks and improve their marketing strategy.
